

Give Kids A Smile®

Give Kids A Smile is an annual centerpiece program to National Children's Dental Health Month.

This program is promoted and sponsored by:

- The American Dental Association
- Henry Schien Dental
- Colgate-Palmolive Co.
- Dexis Digital Xray
- Participating dental offices nationwide

Free dental exams available for kids

Children without dental insurance are invited to sign up for one of 23 free appointments at the Ypsilanti Township office of dentist Kimberly Rice **on Friday, Feb. 5, 2010 from 8 a.m. to noon.**

Dr. Rice and her staff will again sponsor the "Give Kids a Smile" program, part of an annual national effort to provide free dental exams and cleaning to low-income children ages 10 and under whose families have no dental insurance and cannot afford to pay for it. The program is co-sponsored by the American Dental Association.

School and church administrators are being asked to help identify young children that might be in need of dental care from families that fit the financial profile. Our goal is to inform these families of this opportunity and encourage their participation.

The office is located at 529 N. Hewitt Road. Appointments will be filled on a first-come, first-served basis. **Parents must make an appointment** by calling 734-434-3820.

Please contact our office for additional information and any questions.

Sincerely,

Cindy Philipi, Office Administrator

Kimberly A. Rice, DDS, PLC 529 N, Hewitt Rd. Ypsilanti, MI 48797
